## 2015 and 2016 Penalty and Interest Chart

The Comptroller's Property Tax Assistance Division provides the penalty and interest (P&I) chart below for use in calculating the total amount due on delinquent property tax bills based on the P&I rates established by Tax Code Section 33.01. The chart applies to delinquent tax payments in the months of October 2015 through September 2016.

To use this chart, find the month in which the tax is being paid. Go to the tax year in the column for which the delinquent tax was assessed. Then, multiply the corresponding P&I percentage amount by the tax amount to determine the amount of P&I on the delinquent base tax.
